The Mutares portfolio companies operate across a wide range of industries around the world, mainly in Automotive and Mobility, Engineering and Technology, Goods and Services, and Retail and Food. ►

Since opening its first office in Munich in 2008, Mutares has become a global player in the carve-outs and restructurings market. It now employs 27,000 professionals across its portfolio companies. Its team of 140 internal operational specialists manages the entire value-creation process from thirteen European offices.
